BBB M4 Series

Being one of the most famous and historical firearms manufacturer in US, COLT was involved with all the M16 rifles production for a long time. They build numerous M16 and M4 carbines and those were very successful and well-known in the world. The King Arms COLT series are full metal constructed AEG and COLT trademarks and logo are engraved on the AEG receiver, under the official license (COLT trademark and COLT logo are property of New Colt Holding Corp. Manufactured by King Arms under license from Cybergun.). The rifle has an intergrated bolt catch/ release system and it makes the hop-up adjustment easily accessible. We also offer the COLT Ultra Grade series to users, which the receiver is build from Nylon Fiber.

All King Arms Galils are official licensed products. We build the Galil AEG as close as the real steel, the appearance and markings are flawless. The specs are identical to the real firearm so most of the accessories for the Galil are compatible with our AEG (e.g. handguard, stock and scope mount). In order to create more realistic shooting experience, the special designed bolt carrier operating mechanism was installed to simulate the real firearm blowback action. One of the best features of this AEG is the Betalight Ready Tritium night sight set. And a dummy selector is installed on left side of AEG to stick with the original design. Even it is an AEG, it is still a very robust piece because it is build with Nylon Fiber handguard, 6065 Aluminum receiver, and steel top cover and parts.

Being one of the most famous and historical firearms manufacturers in US, COLT has been in production for a long time. COLT's main products are

Thompson Galil Kalashnikov Blaser Grenade Launcher

The Blaser R93 LRS1 (Long Range Sporter 1) Series is a spring action rifle with full trademarks (licenced from Cybergun). It has a straight-pull designed to improve the loading speed, which is different from other air cocking rifle. The buttpad, cheek piece and trail spade of the stock can be adjusted easily. Package comes with a quick detach adaptor for mounting bipod.
